

3M™ Overhead Projector

# Model 1810

## Dependable and Durable

The dependable and durable 3M™ Overhead Projector Model 1810 offers an open wide-angle singlet lens and 2,700 lumens of light output for vivid images, even in lighted rooms. This value-priced projector combines the smoothness of elegant boardroom styling with rugged classroom functionality at an affordable price, without sacrificing image quality. Features include soothing low-glare stage, convenient fold-down post for easy storage, extra-long power cord for hard-to-reach electrical outlets, and handy power-cord wrap. It also comes with a useful lamp ejector that makes changing lamps a simple task and a thermostat that protects the unit from the unlikely event of overheating. A global leader in overhead projectors, 3M provides a five-year warranty on all parts and labor.

### KEY FEATURES

- > Open singlet lens projects vivid images.
- > Wide-angle lens produces large images in the smallest rooms.
- > 2,700-lumen light output displays vibrant images in most lighting situations.
- > Soothing low-glare stage reduces strain on eyes.
- > Convenient fold-down post makes for easy storage.
- > New overhead projector technology doubles expected lamp life.
- > Five-year warranty on all parts and labor. Please see product packaging for details of warranty terms.

**ORDER NUMBER:** X0-0038-0715-3 (former#: 78-9236-6585-1)
